## ANOTHER ATTEMPT

Burley Tobacco Growers Will Meet at Cincinnati May 10th

A meeting of the Burley Tobacco Growers Association has been arranged to take place at the Grand Hotel, Cincinnati, on May 10th.

It is expected that about fifty or sixty members of the Association, including President W. R. Hawkins of Lexington and Archibald Stuart of Cincinnati, will attend.

Preliminary steps for controlling the marketing of this year's burley, now in the ground, will be undertaken.

The several offers that were made the Association last winter to finance the crop will be talked over.

It is the intention of the growers to have all the details concluded before the tobacco is ready to be marketed.

The fact that the growers needed money caused the abandonment of the scheme this spring, but the promoters believe that if the financial men will do their part before the fall, when the tobacco has matured, the plans will meet with success.

It is known that Archibald Stuart has been in communication with men who are ready to back the deal for some time, and he may make a report to the growers at the coming meeting. It is recalled that Stuart, during the last winter, went to New York to secure financial assistance and was blocked. Finally he secured aid, but it was too late, as members of the Association, released from their contracts, sent their tobacco streaming to the markets at Cincinnati and Louisville because they needed money.

## STERILIZED CREAM

Is unsweetened and simply cow's milk of the best quality reduced to a creamy consistency by evaporation in vacuo and thoroughly sterilized. It is nothing like condensed milk, and is the best cream you can get for breakfast foods, fruits and coffee. It is inexpensive. Use it once and you will always use it. Ask for the Ferndell Brand.

TELEPHONE No. 43. G. W. GEISEL, OPPOSITE OPERA-HOUSE.

KUSHMAN KILGORE.

Kushman Kilgore, aged 18, died yesterday morning of spotted fever at the home of his parents, near Mayslick. He had been ill about three weeks.

## COLONEL S. P. SALTER

Death Monday in Garrard County From a Paralytic Stroke

Colonel S. P. Salter, one of the landmarks of the light harness reinmen, died at Bryansville, Garrard county, late Monday, from the effects of a stroke of paralysis.

Mr. Salter formerly made his home in this city, where he has a number of friends who will regret to learn of his death.

He was well known to the lovers of trotting horses, being himself a breeder of many fine racers.

Dan Cupid, 2:07½, was owned by him.

## VICIOUS KNIFE PRACTICE

A Couple of Augusta Boys Engage in a Cutting Scrape

Last night about 8 o'clock the C. and O. Depot ground was the scene of an altercation between Ollie Martin, aged 18, and Russell Best, aged 19, in which the latter was slashed in the face with a knife in the hands of the former.

The injured boy was taken to the office of Dr. Yazell and his wound properly dressed, while the lad who used the knife so viciously was placed in Jail.

Both boys were from Augusta, and were more or less under the influence of liquor.

The matter will come up before Judge Whitaker today.

Policeman Wallace was the arresting officer.

## VERY PRETTY SIGHT

Was the Balloon Ascension at the War Show Yesterday

The balloon ascension and parachute drop yesterday afternoon—a free exhibition given by the War Show—was the finest and best ever witnessed in this city.

The big balloon after attaining a high altitude sailed North passing over the Ohio river and dropping on the brow of the hill.

While high in the air the man sitting in the trapeze attached to the parachute would now and then drop a bomb which would explode with a loud report just before reaching the water.

The parachute came down near Mr. Brookover's house on top of the hill.

The beautiful sight was witnessed by thousands of delighted people on both sides of the river.

## ANOTHER NARROW ESCAPE

Why Will People Walk Where They Have No Business?

Tuesday a man and wife and seven children were trudging unconcernedly along the C. and O. track just beyond Bridge street when a yard engine whirled around the curve just this side of Commerce and came within an ace of running down the whole push.

When the mother saw the threatening danger she stood bravely by her brood until the last one had been transferred to the opposite side of the track.

They were walking with their backs to the on-coming engine and did not hear it until nearly upon them.

It was the watchfulness of the Engineer that saved them.

It seems like wasting words in cautioning people about walking on railroad tracks. They persistently persist in doing it regardless of the danger they incur.

How to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach, or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by all Druggists.

Rev. H. E. Roseberry will preach Sunday at the M. E. Church, South, at Flemingsburg.

The Nicholas Fiscal Court has made a levy of 50 cents on the \$100 for the various funds.

Frederick Maggraff of Augusta has been granted a patent on a clamp, and Fred A. Neider of the same place has secured a patent on an apparatus making carriage knots and also making split shank curtain knots.

Dr. Louis Landman, who for twelve or fourteen years has been making regular trips to Maysville, expects to go to Europe in July, to spend a year, making a special study of the ear and throat. Dr. Landman's eldest son is a Rabbi; the second son graduated this year from the Ohio Medical College and from a large class was elected interne of Christ's Hospital. He will have charge during his father's absence of his Cincinnati practice.

Flour—DOWN SHE GOES—FLOUR.

Wheat has declined so has price of Flour. M. C. RUSSELL CO.

## TOBACCO SITUATION

Colonel Thomas M. Russell Interviewed in Cincinnati

Cincinnati Post.

T. M. Russell of Maysville at the Palace Hotel Monday said that throughout Mason and its neighboring counties in Kentucky the tobacco farmers are preparing to plant more white burley than ever before in their history.

Promoters in Cincinnati of the white burley corner to get higher prices from the Trust say that if a record crop is grown this year the corner will be hampered.

"I never saw anything like the way the land is being planted and prepared for planting," said he. "And from the early indications, the ground is going to be unusually productive."

Standard Sewing Machines at Gerbrich's
